

Senior Resource Specialist Report
Martin Curry
September 23, 2026

Monthly update

- ✓ Working with Wyoming State Forestry
 - Boulder Ridge Estates, LRCD, NRCS and Wyoming State Forestry visit with property owners interested in improving the forest health on their properties. Scheduled to meet with 3 landowners and looked at four properties. After reviewing these properties, I believe there are forestry resource concerns within the Estate. Wildfire mitigation along with improving wildlife habitat are of my greatest concern. I intend to search for and submit grant application to begin addressing these concerns this winter.
Map and photos on PPT
- ✓ Area 2 meeting in Wheatland:

Miscellaneous

- Submitted Wyoming Wildlife Natural Resources Trust application on behalf of Bell Otte Ranch for forestry work
- Mapped office trees for Katie
- Jelm WHMA pre-bid tour for initial engineering conceptual designs and approximate costs.
- Small acre field visit on Wildhorse Ranch
